Major James Evans died at Fort lyres Saturday at 10:20 o'clock a. m. He was a native of Virginia, and was verty-eight years old at the time of his death. The deceased homesteaded the land on which the business portion of Fort Myres is built in 1874. He was called the tather of Fort Myres, and was highly esteemed by all who tnew him. The funeral services was held in the Methodist Church at 3 vas shipped to Virginia for burial.

There is considerable excitement at lacksonville over the disappearance of Miss Daisv May Comber from her ome on Dora street. Relatives report that the young lady left her home on Tuesday morning, and that all earch for her had been fruitless. She old no one of her departure, and her thereabouts is as great a mystery as ner sudden disappearance. The memers of the tamily can assign no plausiole reason. The young lady is 17 years id, and very pretty. She is alleged to have been despondent of late, and the nicide theory is advanced by some.

The American commission under the intendence of Dr. Reed, which as been making experiments at Quimades as to the propagation of yellow fever germs by the mosquito, has obtained extremely satisfactory results. Dr. Beed says the experiments show beyond a doubt, that there is no couion from the infected person or from efected clothing, but that the mositoes alone are responsible for the ead of the disease. In the course of the commission's investigations, six non-immune persons were infected direct by the bite of misquitoes which had previously bitten yellow fever patients, and five of these developed yellow fever.

The reform wave and war against vice is by no means confined to New York, Chicago, St. Louis and other bad cities. It has reached St. Augustene- East Bay Street It would seem, though not generally known, that some of the saloous there have a special entrance for Sunday business. An officer of the law last Sunday visited these places, and not only compelled them to close, but intimated that in future he would make it his business to see that the Sunday law was rigidly enforced. In consequence, it is taken for granted that a few suffered from thirst. That they did not take kindly to sulphur water is proven by the fact that during that afternoon the huge stand-pipe over-

### A Deep Mystery.

It is a mystery why women endure Backache, Headache, Nervousness. seness, Melancholy, Fainting and Dizzy Spells when thousands have proyed that Electric Bitters will quickly cure such troubles, "I suffered tor years with kidney trouble," writes Mrs Pheobe Cherley, of Peterson, Ia, "and a lame back pained me so I could not dress myself, but Electric Bitters wholly cured me, and, although 73 years old, I am now able to do my housework," It overcomes Constipation, improves Appetite, gives perfect health. There is danger of being blown up in celluloid, a material used tor combs and a small article for the toilet. A lady in Cincinatti, who wore a celluloid comb, stooped over near a fireplace the comb became warm. exploded, burned her hair off and nearly set the house on fire. The danger of wearing a celluloid comb by a woman with red hair would be even greater, as the comb would be liable to explode any minute. Men who play poker cannot be too careful, as the poker chips are made of this explosive stuff, so if a poker player gets too hot at loosing on a bobtail flush, the heat is liable to cause the poker chip to explode. The trouble with the exploding celluloid is that it keeps burnig, and you can't put it out It is like a nigger-chaser in fireworks. it just keeps right on chasing, and there is no dodging it. Cellaloid ought to be used in fighting the Filip-
